

**Case Study**

**Defined: NO SMOKING NO DRINKING AREA'S**

There is an increasing demand to regulate Smokers and Drinkers to protect the rights of both the Smoker, non smoker, Drinkers and Non Drinkers. Councils and Regulators are having to define area's for these purposes. Our client had looked at signs on poles but the cost was becoming expensive so we suggested using **AWIS Preform** and applying it to the Footpath surface. . AWIS Preform is non slip Long Lasting, and easy to instal.

**AWIS PREFORM**
