

**Case Study**

**Mural was required to brighten up and be Educational in the school yard**

This State School in Tasmania wanted to brighten up the hard standing area, so the commissioned a local artist who had some idea's but could not find the right product that would be , Longlife, bright, non slippery and safe for the schools population. The artist contacted us and we advised them that we would be happy to do a trial. The trial was sucessful so we did the whole project in AWIS long life Preform.
